(*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

Education

09/15 to date	University of Sussex	Sussex, United Kingdom

Pursuing a Bachelor of Sciences in Computing Sciences. Expected to graduate in June 2019.

09/13 - 06/14	City College of Brighton and Hove	Brighton, United Kingdom

Pursuing a degree for Access to Higher Education in Access to Computing.

Experience

08/15 to 02/17	HackSocSussex	Sussex, United Kingdom

President and founder of the University of Sussex hackathon society. Generally overseeing the committee, whilst also planning events, reaching out to the students of the university, dealing with the administration and finance and increasing the reputation and exposure for the University of Sussex and it's students within the hackathon community.

23 - 24/04/16	HackSussex	Sussex, United Kingdom

Head Organizer of the first student run hackathon to take place at the University of Sussex. Securing sponsorship from companies such as GitHub and Brandwatch, along with managing the budget and the organization and logistics of the event. The first event proved to be a success with great feedback from sponsors and participants. Currently organising a second hackathon at the University of Sussex.

Volunteering

09/16 to date	STEM learning	Sussex, United Kingdom

Ambassador of the STEM learning organization. Helping demonstrate STEM roles to under 19's in the local community.

08/16 to date	University of Sussex	Sussex, United Kingdom

Buddy Scheme Mentor at the Student Union. Helping new students get to grips with the area and university life.

04/16	Develop:Brighton	Brighton, United Kingdom

Conference Associate, a general volunteer organizing attendee registration and monitoring exhibitors and their needs.

awards

28/02/2016   Chirp.io prize at HackLondon 2016
